ABOUT US:

SPOC is one of the leading "Pharmaceutical Laboratory consumables and Analytical Instrumentation/Equipment's" supplier in India. Since its founding, SPOC has taken the lead in unifying the newest, most advanced assortment of analytical instruments, laboratory accessories, consumables, chemicals and standards by partnering with internationally renowned manufacturers and world best market leaders.

SPOC is committed to deliver reliable products with best-in-class technology and user friendly features. The company takes pride in providing comprehensive and responsible support and assistance to every customer.

We believe in customer satisfaction and represent a broad range of high-quality brands. We have access to the highest quality global market leaders/suppliers and able to procure hard to source materials. We also specialised & wee skilled & trained technical experts for the manufacturing of all general laboratory equipments.

SPOC is recognised by International Standard Organisation (ISO): as "ISO9001:2015" Certified company & also recognised by MSME certified from Ministry of Micro, Small and Medium Enterprises is the ministry in the Government of India.

OUR VISION:

Accelerate breakthrough scientific innovations in life science research through our ONE-STOP source. To be recognized as a customer oriented high quality solution provider offering a diversified range of instruments' and system and be one of the top 3 leaders of all products we supply.

OUR MISSION:

Our mission is to bring wide range of superior products to satisfy our customer needs. To improve quality of life by contributing to the development of Indian industry and the scientific community by providing high technology, high quality instruments, systems and solutions.

OUR VALUES:

- INTEGRITY
- INNOVATION
- COMMITMENT
- QUALITY

"S P O C" is run by TECHNOCRATS of highly experienced scientists with decades of rich industrial & managerial experiences make us the end-to-end service provider for all QUALITY aspects. We support our customers with a total solution in all the technical aspects with SPEED, FOCUS & ACCOUNTABILITY.

The company is active as a **DISTRIBUTOR, DEALER, IMPORTER & EXPORTER** in India for providing Technologically Advanced Products & Consumables across the globe and is responsible for setting up, supporting, and developing various major brands in the country as well.

PROSENSE- DISSOLUTION ACCESSORIES:

THE SINGLE SOURCE FOR ALL YOUR DISSOLUTION ACCESSORIES

"SPOC" is an Authorized distributor for INDIA from "PROSENSE-DISSOLUTION ACCESSORIES" global company, UK, Netherlands.

"Dissolution Accessories" brand from "ProSense Company fulfils the various needs of the dissolution industry by carrying a full line of consumables and accessories for various brands and models of dissolution testing machines. It's have standard and custom solutions for testing of solid and semi-solid dosage forms & the close cooperation with the industry, allows to bring innovative solutions to the customers.

All the products are USP, EP, BP, and JP compliant & manufacture equivalent products that fit the original OEM. All the products are standard supplied with a Certificate of Compliance. [Refer Prosense-Dissolution Accessories Catalogue & website for each consumable part number to order with us. \[www.dissolutionaccessories.com\]\(http://www.dissolutionaccessories.com\)](#)

Range of Products covered:

<ul style="list-style-type: none"> Baskets Felodipine Test Basket Basket Shafts Spin Shafts (Interchangeable) Basket Shaft/Paddle holder Paddles Capsule Sinks Vessels High Precision Vessels Chinese Small Volume Vessel Low Volume kits Vessels Standard Vessel Covers Vessel Stands Cannula Filters Syringe Filters 	<ul style="list-style-type: none"> Syringe Filters Automation Sampling Cannula Topical and Transdermal Testing Paddle over Disk Suspension Cups Polysulfone Membranes Enhancer Cell 	<ul style="list-style-type: none"> Ointment Cell Extraction Cell Rotating Cylinders Vertical Diffusion Cell Bio dissolution Accessories ASTM Calibration Tools Calibration Tools Volumetric Flasks Tapped Density Cylinders 	<ul style="list-style-type: none"> Volumetric Flasks ASTM/USP Intrinsic Dissolution Disintegration Tubing Fittings & Couplings Water Preservative Service Parts Dissolution Surveillance System Dissolution Media Concentrates Chromatography Vials & Caps Headspace Vials VOA Vials
---	--	--	--

CHROMATOGRAPHY CONSUMABLES:

● HPLC/GC Vials:

All chromatographic vials come with **certification of analysis (COA)**, **USP TYPE 1, Class A, 33 Expansion, Clear & Amber**.

- ✓ **HPLC Vials (HPLC Vials: 1.5 mL, 1.8 mL & 2.0 mL (Screw/Crimp/Snap) with Caps & Septas)**
- ✓ **GC Headspace Vials (10 & 20 mL Headspace crimp/screw vial with Aluminium/magnetic crimp/screw cap with septa).**

From different makes like **Aijiren, Glassco, ThermoFisher-Scientific, Welch, Agilent, Water's, Kinesis, BSB, Saienst and Various Leading Brands.**

All kinds of OEM products, chromatography vials available in HPLC Grade, Certified, MS Certified, De-activated types.

● CHROMATOGRAPHIC COLUMNS:

All kinds of USP listing columns from HPLC, UPLC, Prep LC, GC - supply basis on various applications like for small molecules & big molecules like peptides, glycans, nucleic acids from wide range of brands like :

Water's, ThermoFisher Scientific, Restek, Trajan-SGE, Shodex, Sepax, VDS Optilab, GL Sciences, Welch, Perkin Elmer, Macherey-Nagel, ACE, Agilent, Merck, Hichrom, Diacel, Shimadzu, YMC, Kromasil, Phenomenex, Hamilton, Bischoff, TeknoKroma.

Also available ghost columns, Flash Columns & SPE Cartridges for Solid Phase Extraction application.

NOTE: SPOC will provide support for custom making preparative columns as per the customer request & specifications.

● GC & HPLC Syringes:

There are broad selection of syringe styles and sizes in each brand ensures to compatible with major instruments like **Shimadzu, Water's, Thermo-scientific, Agilent, PerkinElmer, CTC Analytics, Varian/Bruker and Hitachi.**

It includes both **HPLC/GC-Manual and Auto-sampler** syringes. These Manual and Auto-sampler syringes available in various brands like in :

▪ ThermoFisher-Scientific	▪ Hamilton	▪ SGE
----------------------------------	-------------------	--------------

NOTE: SPOC make it supply basis on request from customer in other brands & also in OEM makes specially with more compatibility to match your instrument at economical prices.

● SYRINGE FILTERS, MEMBRANE FILTERS & FILTER PAPERS:

- ✓ **STERILE** filters are individually packaged in easy to open blister packs, they are also packaged in a clearly marked box and those are like PES, PVDF & CA membrane types.
- ✓ **NON-STERILE** filters are like PVDF, PTFE, PP, NYLON, GLASS FIBRE MEMBRANE etc., basis on nature of sample to be filtered.

Note: Available in different diameter & pore sizes.

Membrane & filter papers available in both: Qualitative & Quantitative.

• **OTHER CHROMATOGRAPHIC ACCESSORIES:**

▪ HPLC filters and frits	▪ PEEK/SS Tubing	▪ Tube cutters	▪ PEEK Finger tight fittings/Unions
▪ Column end plugs, Nuts & ferrules	▪ Vial Racks / Column racks/ Cabinets	▪ Manual / electronic crimping & de-crimping tools	▪ Vaccume filtration devices

WEIGHING BALANCES/MOISTURE ANALYZERS/ACCESSORIES:

Provides High-Speed Response and High Stability. High quality construction and solid performance ensure consistent and precise weighing results".

We offer a comprehensive product lineup from **analytical balances** and **top-loading balances** to **moisture analyzers** and **static removers (ionizers)**, along with a variety of accessories and software options to cover all your analytical workflows from below major popular makes:

▪ Analytical Balances	▪ Semi-micro Balances	▪ Ultra micro Balances	▪ Precision Balances,	▪ Platform Balances	▪ Moisture Analyzers
------------------------------	------------------------------	-------------------------------	------------------------------	----------------------------	-----------------------------

PRECISION STANDARD WEIGHTS:

OIML STANDARD WEIGHTS- CLASS - E1, E2, F1, F2

The accuracy class for weights used as standards for the verification of weights or weighing instruments should be in accordance with the requirements of the relevant OIML Recommendations.

The letter "**E**" for **Classes E1 & E2** refers to **EXTRA FINE** where the letter "**F**" for **Classes F1 & F2** refers **FINE**.

The Class weight bear number indicating the nominal value, but unmarked. Duplicated weights are marked with a dot and weight composition is according to OIML recommendations mainly 5-2-2-1 composition.

WEIGHING BOATS & GLASS WEIGHING SCOOPS:

• Aluminium weighing boats	• Plastic weighing boats – (sterile & non-sterile, with diff shapes)	• Glass weighing Scoops	• SS Spatulas	• PP Spatulas
----------------------------	--	-------------------------	---------------	---------------

<ul style="list-style-type: none"> • Weighing Papers 	<ul style="list-style-type: none"> • Liquid weighing Boats 	<ul style="list-style-type: none"> • Aluminium weighing Dishes 	<ul style="list-style-type: none"> • Scoop, HDPE
---	---	---	---

REPAIRS/SERVICE/MAINTENANCE/CALIBRATIONS SUPPORT:

All balances will perform services, periodic maintenances along with calibrations by well experienced technical service engineers. Also, supported calibrations as per needs of NABL from certified NABL laboratory.

PH & CONDUCTIVITY BUFFER SOLUTIONS:

Perform accurate, reproducible pH calibrations with the below popular brands from "Reagecon's , ThermoFisher Scientific"- Orion & Eutech, Hamilton, Oakton & other buffers. pH buffer standards are directly traceable to the IUPAC pH scale by an unbroken chain of traceable to NIST™ standard reference materials. Manufactured under ISO 9000 quality standards.

--	--	--	--

PH & Conductivity meter electrodes, also available from different makes.

CHEMICALS, REAGENTS & SOLVENTS:

Wide range of chemicals supply from different brands majorly like from **ThermoFisher / Fisher Chemical / Qualigens / Alfa-Aesar / SRL / RANKEM / Finar / Merck / Sigma Aldrich / Spectrochem/ Bio-solve/ TCI / Pure Synth** etc., and those chemicals are like

<ul style="list-style-type: none"> ▪ HPLC/UPLC/GC/LC-MS grade solvents. 	<ul style="list-style-type: none"> ▪ Buffer Salts and Ion pairing reagents 	<ul style="list-style-type: none"> ▪ Primary & Secondary reference standards
<ul style="list-style-type: none"> ▪ Organic modifiers like OPA, TFA, THF, TEA, DEA etc. 	<ul style="list-style-type: none"> ▪ Conductivity standards, Organic and inorganic portfolio. 	<ul style="list-style-type: none"> ▪ Water standards, LAL Reagents
<ul style="list-style-type: none"> ▪ Karl Fischer reagents 	<ul style="list-style-type: none"> ▪ Calibration standards for different instruments 	<ul style="list-style-type: none"> ▪ AAS/ICP Standards

GLASSWARE CLEANING SOLUTIONS:

Cleaning laboratory glassware is important because contaminated or stained glassware can lead to inaccurate results in your analysis. Everything that comes in contact with chemicals or biological substances must be free from impurities, both before and after use.

"ThermoFisher Scientific" (Qualigens):

- Labolene Phosphate Free
- Labolene Neutral

"Dr. WEIGERT"- Systematic Hygiene:

- Neodisher- Z
- Neodisher- N

BOTTLE TOP DISPENSERS:

Adjustable delivery nozzle to facilitate dispensing ease in all demanding laboratory conditions.

From the brands of D-Lab, Glassco, and ThermoFisher-Scientific.....

MICROPIPETTES: (MANUAL & ELECTRONIC):

High performance-Micro volume pipette, Single channel and Multi-channel (for 384 well plate, ideal for PCR tech's) with high accuracy, precision guaranteed, compatible with all major pipette tip brands, effortless pipetting and reliable results.

From the brands of D-Lab, Glassco, ThermoFisher-Scientific, BRAND, Eppendorf, Corning and CAPP.

LAB SAFETY PPE'S & SAFETY ESSENTIALS:

The product range suitable to covers for all medical and non-medical purposes. Available in various sizes and come with premium quality for ultimate hand protection and hygiene. All these below brands provide the finest quality of gloves, matching the highest international standards.

- **Gloves:** Sterile Latex, Sterile Nitrile, Sterile Neoprene, Sterile Polychloroprene, Non-Sterile Nitrile, Non-Sterile Vinyl, Non-Sterile Polychloroprene, Non-Sterile Latex gloves.
- **Other Lab-PPE's:** Disposable shoe covers, laboratory safety goggles, Disposable aprons, Safety masks and others from most popular brands available in the market.

CUVETTES, QUARTZ CUVETTES, CERTIFIED CALIBRATION STANDARDS:

A wide range of cuvettes/ Quartz cuvettes & certified reference materials/ calibration standards use for spectroscopy and cytometry with optical path lengths spanning from 0.01 mm to 100 mm and above.

Available from most popular brands like **Reflex Analytical Corporation USA, Hellma, Starna, BR-Biochem life sciences & others**

GAS GENERATORS:

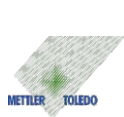

A laboratory gas generator is a system that delivers a continuous supply of purified gas directly to a system that requires the use of a particular gas, such as gas chromatograph, GC-MS, FTIR, ion mobility spectrometer, gas analyzer, environmental chamber, or applications requiring clean, dry gas. It includes gases such as Nitrogen, Hydrogen etc. "SPOC deals with in this segment from believed manufacturers by satisfying the customers with best quality output generators".

pH METER, TDS METER & CONDUCTIVITY METER:

The measure of a liquid's acidity and alkalinity, pH is one of the most common parameter measured in a wide variety of industries. Offers a wide range of pH & conductivity meters that measure pH & conductivity values in various educational, laboratory and industrial applications. Also available different make electrodes.

Available in **Mettler Toledo, EUTECH' & in other brands.**

**EUTECH
INSTRUMENTS**

GLASS WARE:

It covers all kinds of glassware, which needed for laboratory analysis like **beakers, measuring cylinders, volumetric flasks, desiccators, mobile phase bottles, burettes, crucibles, dishes, conical flasks, disposable culture tubes, test tubes, petri dishes, pipettes, laboratory filter assemble, condensers.** All disposable glassware like test tubes, flasks, reagent bottles, stoppers & storage vials etc.,

All the volumetric flasks are made from ASTM E 438 TYPE 1 CLASS A BORO 3.3 GLASS which is chemically inert and thermal shock resistant. The unique feature from **GLASSCO, is available in QR PRINTED VOLUMETRIC FLASKS.**

Available brands in **Glassco, Borosil, Omsons & others.**

PLASTIC WARE:

Plastic ware related to different techniques available like **Centrifuge techniques, CRYO techniques, Microbiology, Liquid Handling, Cell culture, PCR techniques, Electrophoresis systems, Multipurpose packs & boxes, Bottles & carboys, Pasture pipettes, Micro/macro Tips, General laboratory products etc.,**

Brands Available in ThermoFisher-Scientific, Glassco, Foxx Life Sciences, BR Biochem, Abdos, Tarsons, BD Syringes And Others.

SPECIALITY GLASS SYRINGES:

 <ul style="list-style-type: none"> ▪ Luer lock syringes ▪ Thread tip glass syringes ▪ Center Hole syringes 			
---	---	---	--

ANALYTICAL & GENERAL EQUIPMENTS:

SHIMADZU-SPECTROSCOPY:

PRODUCT LIST:

<ul style="list-style-type: none"> ▪ UV-VIS-Spectrophotometers: UV - 1900i, UV - 2600i / 2700i, UV - 1780, UV - 1280 	<ul style="list-style-type: none"> ▪ UV -VIS-NIR Spectrophotometers: SolidSpec-3700i / 3700i DUV 	<ul style="list-style-type: none"> ▪ FTIR Spectrophotometers: IRSpirit, IRAffinity - 1S, IRTracer - 100, IRXcross 	<ul style="list-style-type: none"> ▪ Atomic Absorption Spectrophotometers
<ul style="list-style-type: none"> ▪ Fluorescence Spectrophotometers: RF-6000 	<ul style="list-style-type: none"> ▪ Inductively Coupled Plasma Spectrometers 	<ul style="list-style-type: none"> ▪ Inductively Coupled Plasma Mass Spectrometers (ICPMS) 	

DLAB SCIENTIFIC:

DLAB Scientific Inc.

PRODUCT LIST:

- **Liquid Handling**
Mechanical Pipettes, Electronic Pipette, Pipette Fillers, Pipette Controllers & Pumps Stepper, Electronic Titrator, Electronic Bottle-Top Dispenser, Bottle-Top Dispensers, Vacuum Aspiration System
- **Mixing**
Mixer, Shaker, Vortex Mixers, Cell Disruptor, Microplate Mixers, Rotators, Rocking Rotators, Tube Rollers, Shakers, Spectrophotometers
- **Stirring & Heating**
Overhead Stirrer Series, Magnetic Hotplate Stirrers, Hotplates, Magnetic Stirrers, Homogenizers, Overhead Stirrer
- **Centrifuges**
Palm Micro Centrifuges, High Speed Micro-Centrifuges, Low-speed Centrifuges, Multi-Purpose Low-speed Centrifuges
- **Distilling**
Rotary Evaporator, Vacuum Controller
- **Thermal Control**
Dry Bath, Thermo Mix, Laboratory Water Bath, Thermal Cyclers, GelSMART

NEUATION:

NEUATION
TECHNOLOGIES

Neuation Technologies is an associated company of Accumax Lab Devices Pvt. Ltd., one of the fastest growing manufacturers of liquid handling equipment in the world.

PRODUCT LIST:

▪ Centrifuge	▪ Tube rollers	▪ Homogenizers
▪ Stirrers	▪ Dry Bath	▪ Shakers
▪ Vortex mixers	▪ Incubators	▪ Stir bars

DAN-LOGITECH:

PRODUCT LIST:

▪ Magnetic stirrer with Hot-plate	▪ Heating Mantle	▪ Vortex shakers	▪ Digital Soil testers
▪ Digital Flat Stirrer	▪ Roller Mixers	▪ Thermostatic Water Baths	▪ Digital pH testers
▪ Hot plates	▪ Digital Overhead stirrers	▪ Thermostatic Oil Baths	▪ Digital Instant N-P-K Tester
▪ Mini centrifuges	▪ Orbital & Incubator Shakers	▪ Fat determination apparatus	▪ Oil free Diaphragm Vacuum Pump (Filtration)

BEING INSTRUMENTS:

PRODUCT LIST:

Water baths, circulators, chillers	Shakers & stirrers	Incubators
		
Refrigerators, freezer & Bio-safety cabinets	Rotary evaporators	Ovens & muffle furnaces
		

HWASHIN TECHNOLOGY & CO: (PowerSonic Brand Ultra Sonicators)

PRODUCT LIST:

▪ POWERSONIC 400 SERIES	▪ POWERSONIC 500 SERIES	▪ POWERSONIC 600 SERIE
-------------------------	-------------------------	------------------------

NOVASINA: WATER ACTIVITY METER

Features:

- Provides accurate and repeatable aW measurements and also supports in the investigation of the causes of product spoilage, texture changes or rancidity.
- Complete 21CFR11 compliance with audit trail and user management
- Full temperature control (0-60°C) for highest accuracy
- Various measurement modes incl. fast mode
- Reusable SAL-T calibration standards with automatic recognition by RFID tag
- Automatic equilibrium detection for best repeatability and comparability of measured values

PRODUCT LIST:

LabMaster aw-neo	LabTouch-aw	LabSwift-aw	LabStart-aw
			

LAMY RHEOLOGY

PRODUCT LIST:

▪ B-One Plus	▪ First Prodig CP1000	▪ TX 700	▪ CPS
▪ B-One Plus KU	▪ RM 100 CP 1000+	▪ MS-SV	▪ HeliPRO
▪ First Plus	▪ RM 100 CP 2000+	▪ MS-ULV	▪ MS-CP
▪ First Prodig	▪ RheoTex	▪ Thermocell	▪ Portable B-one
▪ Portable RM-100	▪ RM 100i	▪ RM 100L	▪ Viscosity standard fluids (CPS)
▪ Calibration Kits	▪ MS-CP (Cones & Plate spindles)		

HIRAYAMA AUTOCLAVES

PRODUCT LIST:

▪ HV-II SERIES	▪ HVE SERIES	▪ HG-II SERIES
----------------	--------------	----------------

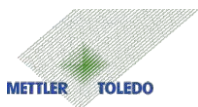

INNOVA: (Glassware washers, Ice-flakers, freeze dryer & lyophilizer)

PRODUCT LIST:

Ice maker/flaker	Glassware washer	Freeze Dryer/Lyophilizer
		

METTLER TOLEDO

TITRATORS: A Complete Range of Titrators and Accessories that Cover Your Titration Applications

EasyPlus Titrator Easy pH
The Acid/Base Titrator

EasyPlus Titrator Easy Pro
The all-in-one Titrator.
*Acid/base, precipitation,
and redox*

EasyPlus Titrator Easy KfV
Water Determination Made Easy.
*Everything necessary for routine volumetric Karl Fischer
titration from 100 ppm up to 100 % in food, chemical
products, and other sample types*

TECNOSOFT: (DATA LOGGERS)

tecnosoft
WE DELIVER DATA

- Tecnosoft systems and data loggers, the measurement and monitoring of temperature, humidity, pressure and other quantities are simple, rapid and precise operations. Software and Apps allow constant recording of values, making the most of the latest technologies, including wireless in real time with remote alarms. The wide range of systems and models allows accurate monitoring in all conditions and for all applications, both process ones such as sterilization and continuous such as cold chain and environmental, up to validation in the healthcare, pharmaceutical and food sectors of machinery such as autoclaves, freeze dryers, ultra freezers, cold rooms, incubators. Tecnosoft data loggers for monitoring temperature, humidity and pressure can be implemented in systems compliant with regulations. The devices are accompanied by a calibration certificate.
- Solutions for Environmental and Process Monitoring
- Temperature data logger up to 140°C ideal for sterilization, pasteurization, cooking compatible with FDA 21 CFR Part 11 regulation
- The field of pharmacy is subjected to constant checks to always ensure the quality standards of conservation and treatment of the products. Tecnosoft offers a complete range of all the tools suitable for precise and specific measurements in order to meet the standards and quality requirements of the sector.

GENERAL LAB ESSENTIALS:

Available in various leading brands:

IR & FT-IR accessories/ Density meters/ sieve shakers/ Vacuum Desiccators/ Stopwatches/ Safety bottle carriers/ Magnetic stirring beads/bars/ Magnetic retrievers/ Bottle top filtration systems/ TLC Products/ Pipette stands/ Digital Incubators/ Bio-hazard disposable bags/ Vacuum oven's / Ultrasonic baths/ Water baths/ Centrifuges/ Oil free Vacuum pumps/ Gel electrophoresis systems / Nitrogen evaporators/Glove box holders/ Spatula's, forceps, scoops/ Vacuum filtration manifolds/ Muffle furnaces/ Refrigerators/heating bath circulators/ Mini-Dolly folding cart (load capacity-120 kg)/HPLC Solvent Safety kits/ Printer rolls/ASTM Color standards/Laboratory sieves/Parafilm/Diff.types of syringes/Microbiological products/Analytical spare parts/HPLC Metallic labels printing/Solvent suction filters/Lab bench tables/ Aluminium foils/Tissues/ Effluent disposal MS Drums.

 Magnetic beads	 FT-IR Accessories	 folding cart	 Density meters	 HPLC Solvent waste kits	 Safety Caps
 Metallic labels	 Syringes	 Seives	 Parafilm	 Biohazard Bags	 Desiccators
 TLC Plates	 TLC Chambers	 Nitrogen evaporators	 Gel Electrophoresis	 Filtration Manifold	 Mechanical sieve shaker
 Column Wash Pump					

ANALYTICAL INSTRUMENTS-SPARE PARTS:

All kinds of spare parts available from different makes of instruments which related to majorly like **Chromatography-HPLC/UPLC, Spectroscopy, Dissolution and other scientific analytical instruments.**

REFURBISHED EQUIPMENTS/INSTRUMENTS:

SPOC' deals to supply refurbished analytical lab instruments of leading manufacturers such as **Agilent, ThermoFisher Scientific, Waters, Perkin Elmer, Shimadzu, and others.** The equipment includes HPLC, Gas chromatographs (GC), Ultra high-pressure liquid chromatographs (UPLC/UHPLC), Mass spectrometers, Weighing instruments, Centrifuges, elemental analyzers, atomic absorption, inductively coupled plasma (ICP), UV-VIS, Infrared, X-ray, and Nuclear magnetic resonance (NMR) spectrometers etc.

SPOC- Provides BEST CUSTOMER SERVICE SUPPORT:

- We take care of all services like calibration & qualifications which include **IQ, OQ & PQ** with complete documentation for the equipments/instruments.
- We also provides maintenance & calibration support for Thermal/Mechanical/Measuring devices or instruments with **NABL** certification.
- We provide all technical documentation with the product to meet the GMP/GLP compliance standards.
- We dedicatedly strive hard to provide customer service at its very best.

***Any requirement from the scientist/lead user/customer will be fulfilled by SPOC basis on discussion on those specific needs.

NOTE: WE ALSO DO OEM PRODUCTS FOR MAJOR EQUIPMENTS
