ProSense
LABORATORY & PROCESS EQUIPMENT

ProSense-Dissolution Accessories, is a trusted global supplier of **high-quality dissolution accessories** designed to meet the rigorous demands of pharmaceutical research, development, and quality control. With a strong reputation for **precision, reliability, and compliance**, ProSense products ensure consistent performance in dissolution testing and are widely used by leading pharma companies worldwide.

Key Products

KEY PRODUCTS

- USP / EP Certified Dissolution Accessories
- Cannulas, Filters & Syringes
- Vessels, Shafts & Paddles
- Baskets & Sinkers
- Calibration Tools & Validation Kits

OHAUS Corporation – USA

Headquartered in Parsippany, NJ, OHAUS Corporation manufactures an extensive line of high-precision electronic balances and lab equipment that meet the needs of virtually every industry since 1907. OHAUS is a **global leader** in laboratory, industrial, and education markets, as well as specialty markets including food preparation, pharmacy, and polymer industries. OHAUS products are **precise, reliable, affordable**, and backed by **industry-leading customer support**. They are also rigorously tested to meet international safety, quality, and accuracy standards.

KEY PRODUCTS

- Semi Micro / Analytical Balances
- Precision Top Loading Balances
- Bench Top & Platform Scales
- IR Halogen Moisture Analyzers
- pH / Conductivity / DO Meters
- Dry Block Heaters, Vortex Mixers, Centrifuges, Shakers

ACCUMAX-NEUATION

Accumax is a **global leader** in laboratory liquid handling equipment and plasticware solutions, with over two decades of expertise in **R&D and engineering excellence**. Guided by the motto "*Accuracy at Maximum*", Accumax delivers innovative, high-quality consumables and life science products trusted by laboratories worldwide.

Neuation, part of the Accumax Group, is recognized internationally as an **innovative manufacturer of benchtop laboratory equipment**. Its wide portfolio of feature-rich solutions ensures reliability and efficiency across diverse applications. With proven capabilities in **polymer-based precision products**, validated by leading global partners, Accumax also provides **customized services and OEM solutions** tailored to customer needs.

KEY PRODUCTS

- Liquid Handling Instruments (Pipettes, Dispensers)
- Disposable Plasticware Solutions
- Benchtop Equipment (Centrifuges, Vortex & Magnetic Stirrers, Overhead Stirrers)
- Automation-Friendly Pipetting Systems

HAMAMATSU- JAPAN

HAMAMATSU- Next-Generation Deuterium (D2) Lamps – Japan

Designed for **compatibility with leading chromatography systems** including Agilent, Shimadzu, Waters, Thermo Scientific, Knauer, PerkinElmer, and Hitachi, our D2 lamps deliver:

KEY HIGHLIGHTS

- Exceptional stability & high-intensity UV output
- Extended service life for consistent spectroscopy performance
- Warranty: 2000 hours or 1 year (whichever is earlier from invoice date)

OMSONS Germany

OMSONS Germany is a leading manufacturer of **laboratory glassware, volumetric, filtration, and general labware** produced in compliance with **ISO, ASTM, DIN, USP & NABL standards**.

KEY PRODUCTS

- Plasticware & Rubberware
- Metalware
- Liquid Handling Instruments
- Hot Plates & Stirrers

Infochroma – Switzerland

Infochroma specializes in **innovative solutions for analytical and laboratory applications**, delivering products that ensure **precision, reliability, and high-quality results**. Trusted worldwide, Infochroma supports a wide range of chromatography and life science needs.

KEY PRODUCTS

- Autosampler, Storage & Lyophilized Vials
- Chromatography Vials & Closures
- Halo Columns
- Filtration Solutions

BIO-LAB SCIENTIFIC – Canada

BIO-LAB Scientific supports customers worldwide with a **comprehensive range of sophisticated analytical and laboratory instruments**. Known for quality, reliability, and innovation, Bio-Lab products serve diverse needs across research, QC, and industrial applications.

KEY PRODUCTS

- Baths & Circulators
- Laboratory Shakers & Chambers
- Centrifuges & CO₂ Incubators
- Autoclaves & Freeze Dryers
- Ultra-Low Temperature Freezers & Ovens/Incubators
- Spectrophotometers & Furnaces
- Biological Safety Cabinets & Laminar Flow Hoods
- Ice Makers & Fume Hoods

RADOBIO – Scientific

RADOBIO Scientific specializes in **advanced cell culture solutions** for the **biopharma and cell therapy sectors**. With a focus on **high-performance and environmental control technology**, RADOBIO delivers reliable systems to support sensitive and critical research applications.

KEY PRODUCTS

- CO₂ Incubators
- Laboratory Shakers
- Biosafety Cabinets
- Advanced Cell Culture Equipment

ION EXCHANGE

ION EXCHANGE offers advanced **Laboratory Water Purification Systems** engineered to deliver **high-purity water** for precise and reliable performance across **analytical, QC, and R&D applications**. These systems ensure consistency, compliance, and confidence in every laboratory process.

KEY PRODUCTS

- Type I, II & III Water Purification Systems
- Ultrapure Water Systems for HPLC & LC/MS
- Reverse Osmosis (RO) Systems
- Deionization (DI) Units
- UV Sterilization & Filtration Modules
- Storage & Distribution Systems

BIOCOMMA

BIOCOMMA provides **comprehensive solutions for cell culture, microbiology, and sample preparation**, supporting analytical, QC, and R&D workflows with **precision and reliability**. With a diverse product range, BIOCOMMA is a trusted partner for research and industrial laboratories.

KEY PRODUCTS

- Cell Culture Consumables & Media
- Microbiology Consumables & Kits
- Chromatographic Columns & Accessories
- Filtration & Sample Preparation Products

TECNOSOFT- UK

TECNOSOFT provides advanced datalogging solutions from the UK in India, designed for precise monitoring of temperature, pressure, and humidity across diverse applications. With 21 CFR Part 11 compliant software, TECNOSOFT ensures accuracy, reliability, and regulatory compliance for critical industries including pharmaceuticals, biotech, and food processing.

KEY PRODUCTS

- Temperature Dataloggers
- Pressure Dataloggers
- Humidity Dataloggers
- 21 CFR Part 11 Compliant Software

BOXUN INSTRUMENTS

Boxun Instruments specializes in a wide range of laboratory and medical equipment, delivering reliable solutions for research, diagnostics, and industrial applications. With a focus on innovation and quality, Boxun supports laboratories with versatile instruments designed for precision and durability.

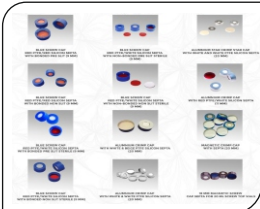

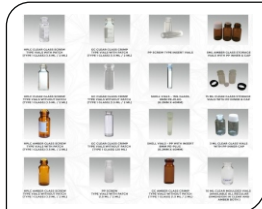

KEY PRODUCTS

- Incubators & Ovens
- Autoclaves & Sterilizers
- Centrifuges
- Microscopes
- Environmental Test Chambers
- Laboratory Refrigerators & Freezers

CHROMATOGRAPHIC CONSUMABLES :

HPLC / GC VIALS

SPOC SCIENTIFICS - Provides Best Customers Service Support :

- We take care of all services like calibration & qualifications which include **IQ, OQ & PQ** with complete documentation for the equipments/instruments.
- We also provides maintenance & calibration support for Thermal/Mechanical/Measuring devices or instruments with **NABL** certification.
- We provide all technical documentation with the product to meet the GMP/GLP compliance standards.
- We dedicatedly strive hard to provide customer service at its very best.

******Any requirement from the scientist/lead user/customer will be fulfilled by SPOC basis on discussion on those specific needs.**
